

Hiring: Director of Operations

SnoTemp is a family owned and operated temperature controlled public warehousing company with facilities in Eugene and Albany, Oregon. We are an integral link in the food supply chain, keeping food cold and safe. As a family owned and operated company, we pride ourselves on offering quality, high value benefits and maintaining a close-knit team environment. Our core values of reliability, positivity and family are the cornerstone upon which our service, growth, and success is built.

POSITION SUMMARY

As a result of strong growth and long-term relationships with customers, we are looking to add a Director of Operations to our team. This executive level position is responsible for optimizing the performance of all SnoTemp warehousing facilities and staff through coordination and connection with both staff and customers. The Director of Operations ensures that our operations team services our customers at the highest possible level and also participates in the executive sphere, from policy making to strategic planning.

Above all else, we are looking for a cultural fit. Someone who embraces and perpetuates the strong core values on which our company has thrived for the past 60 years.

Our ideal candidate must have

- 5 years experience as General Manager or similar position
- Financial statement understanding
- Labor plan optimization knowledge
- Commitment to excellent customer service
- Strong verbal and written communication
- Solid Excel knowledge
- WMS experience and be tech savvy
- Eagerness to learn and be a team player

SnoTemp is committed to its promise of being easy to do business with, finding ways to say yes, and building long-term relationships. Supporting our promise and bringing a positive and collaborative attitude to the team is a must.

We are excited to grow our executive team and bring an outside perspective into a company with a lot of successful homegrown talent. If you are humble and hungry for personal and professional growth then we are the fit you've been looking for.
